What is a FireBall®?

To make a FireBall, we start with the most delicious part of a chicken, technically known as the Tender. Jed's Tenders are boneless and skinless. (No, it is not raised that way, someone must remove the bones and the skin.) Jed's Tenders are always fresh and cut daily. They are NEVER, EVER FROZEN. Jed's then lightly breads them with our highly classified, top secret coating. Then we flash fry them at just the perfect temperature. Finally, we add the dunking sauce of your choice. Five Star Scrumptious!
